

K-441/442/443/444

TAPER REAMER

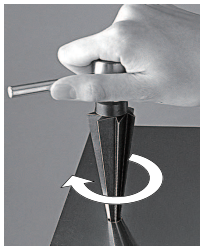

Applicability

K-441	K-442	K-443	K-444	Unit : mm ϕ
3-12	3-16	4-22	4-32	

Operation

Use for hole enlarging and reaming after making holes by a chassis punch or a drill.

Turn the handle clockwise as shown in the photo. Remove the tool while turning clockwise to prevent incomplete finish.

Precautions

⚠ Caution

1. Wear safety glasses when use. Flying debris could injure your eyes.
2. The point, edge and jowl are extremely sharp. Handle with care.
